

Community Action Plans

**Kicking International Council Out
of Local Environmental Initiatives**

The Solution to Globalism is Localism

KICLEI aims to educate our communities and local governing bodies about U.N. directive programs, offering insights into their origins, objectives, supporting rationale and disadvantages.

We will provide clear recommendations and empower local councils, to reconsider their voluntary participation in these programs.

How are U.N. Programs Adopted

It is useful to know how the U.N. directive programs are adopted in council meetings in order to help our councils opt-out.

According to the PCP Membership Page, municipalities can "become a PCP member in three easy steps:

1. Download and print the joining resolution and have your council adopt and sign it. The resolution clarifies the responsibilities and requirements of membership. Please note that it is a template, which can be modified as needed. You can download the joining resolution [here](#).
2. Appoint one staff member and one elected official to be your main PCP contacts. Let them know that they are responsible for this file.
3. Email (or print and mail) your adopted council resolution, along with the staff member's and elected official's contact information to pcp@fcm.ca. You can also mail it to the following address:

Attn: PCP program at FCM 24 Clarence St. Ottawa, ON K1N 5P3

How Councils Join

Council Resolution to Join the FCM-ICLEI Partners for Climate Protection Program

WHEREAS The Federation of Canadian Municipalities (FCM) and ICLEI-Local Governments for Sustainability (ICLEI Canada) have established the Partners for Climate Protection (PCP) program to provide a forum for municipal governments to share their knowledge and experience with other municipal governments on how to reduce GHG emissions;

WHEREAS over 350 municipal governments across Canada representing more than 65 per cent of the population have already committed to reducing corporate and community GHG emissions through the PCP program since its inception in 1994;

WHEREAS the PCP program is based on a five-milestone framework that involves completing a GHG inventory and forecast, setting a GHG reduction target, developing a local action plan, implementing the plan, and monitoring progress and reporting results;

BE IT RESOLVED that the municipality of _____ review the guidelines on PCP Member Benefits and Responsibilities and then communicate to FCM and ICLEI Canada its participation in the PCP program and its commitment to achieving the milestones set out in the PCP five-milestone framework;

Find the Resolutions

“In 2016, the Climate Change Action Plan (CCAP) was **approved by the City Council *after developing it in partnership*** with **Sustainable Peterborough and ICLEI-Canada.**”

Memorandum

To: Ken Doherty, Director of Community Services
From: John Kennedy, City Clerk
Date: December 14, 2016
Subject: Report CSD16-031
Adoption of the Climate Change GHG Reduction Targets and Action Plans

The following resolution, adopted by City Council at its meeting held on December 12, 2016 is forwarded for [your information and necessary action](#). Thank you.

That Council approve the recommendations outlined in Report CSD16-031 dated December 5, 2016 of the Director of Community Services, as follows:

- a) That the revised Greater Peterborough Area Climate Change Action Plan be adopted and that the City's portion be implemented as budgets permit; and
- b) That the City of Peterborough's Community Sector and Corporate Sector greenhouse gas emission reduction targets of 30% and 30% respectively, and associated local action plans, be adopted and implemented as budgets permit.

John Kennedy
City Clerk

Has your municipality partnered with an ICLEI NGOs to administrate the PCP Program?

The Climate Change Action Plan 2.0 was created by [Sustainable Peterborough](#),

..which is **focused on** “**implementing and tracking progress towards the United Nations Sustainable Development Goals**” in our community.

Acquiring The Joining Motion

Before drafting clear recommendations we need to obtain the original motion that initiated the participation in the program. You can find the original motion by referring to the PCP joining resolution, membership map and list, and the year of partnership.

Once you have identified the partnership, contact the city clerk's office through phone or email and request a copy.

Remember to be professional, polite, and establish a good working relationship with the city staff.

Recommendations

That the Council of the City of Peterborough reconsider Report CSD16-031, Adoption of the Climate Change GHG Reduction Targets and Action Plans, December 12, 2016, and reconsider its participation in the PCP program, and communicate to FCM and ICLEI Canada the cancellation of its membership in the PCP Program.

Statements of Support

With the recommendations and draft a statement of support for residents to sign.

Council Resolution to Leave the FCM–ICLEI Partners for Climate Protection Program

WHEREAS The Federation of Canadian Municipalities (FCM) and ICLEI–Local Governments for Sustainability (ICLEI Canada) established the Partners for Climate Protection (PCP) program in 1994; aimed at **reducing or offsetting greenhouse gas (GHG) emissions to zero by 2050**; by completing GHG inventories and forecasts of all corporate and community energy use and waste, setting GHG reduction targets, developing local action plans, implementing the plans, monitoring progress and reporting results.

WHEREAS The Government of Canada and the FCM accepts no responsibility for the PCP program, leaving members of council holding potential personal liability for its endorsement and implementation which then:

- guides councils' decision-making
- costs staff hours, resources and fees
- directs public funds and assets to private development goals
- drives population growth to cities
- targets mobility and privacy rights
- impacts water and property rights, and threatens food and energy security

WHEREAS Environmental policies must respect both scientific and economic realities. CO2 is not a pollutant and Canada's trees absorb more than double the CO2 that we emit.

WHEREAS Participation in the PCP Program is voluntary and the municipality can leave at any time.

BE IT RESOLVED that the Council of the municipality of _____ reconsider its participation in the PCP program.

BE IT FURTHER RESOLVED that the municipality of _____ communicate to FCM and ICLEI Canada the cancellation of its membership in the PCP Program.
